

AWS Managed Services Assistance Program

Boost to Ambitions

About AWS Managed Services

is an aid program to boost Start-ups, Small Businesses, NGO's, etc. to implement their innovative ideas by providing **end to end cloud infrastructure services**.

What You Get?

- 1 Credits for AWS Cloud (AWS activate Program)
- 2 Dev-op services directly from global AWS certified experts. Managing and getting right cloud infrastructure burden is gone now, let the experts handle for you. (Genese: AWS Premier training partner)
- 3 Direct management for availing AWS financial aid and dispensation of services (Softoo: Genese regional partner)

All the services cost **\$5000** which is difficult for start-up to invest. But luckily, we have your back. All the costs of these services shall be covered through your financial aid once you become part of this program for the period of **2-years**.

There are no hidden costs or any hidden charges. All you need is to be a valid business and start-up to on-board this ultimate flight. This program is collaborative effort of AWS, Genese and SOFTOO.

What You Need To Do?

- 1 Provide us information about your start-up, business and product / Service you are considering for AWS. This information will be used for calculating your eligibility criteria.
Form link: (<https://forms.gle/QJFEjktzD49VTdNB8>)
- 2 Meeting (online) with Softoo Representatives and send signed contract.
